Hugh Mackay

"... venturing beyond the obvious"

"... eliminating the experiment effect."

"What are why?"

\* don't be obtuse, answer all  
questions with "that's a good question"

\* Hugh Mackay

\* methodology - have avoided the  
"why" rather "what are".....

\* intent, focus of the research -  
venturing beyond the obvious.....

\* attitudes, behaviours; manner of  
interacting to the respondent -  
eliminating the experiment (effect)
